

Early Childhood Mental Health

Supporting the emotional well-being of young children

Your child's emotional and behavioral health during the early years of life is very important. Your child may be affected by divorce, illness, the death of a loved one, or other traumatic events and big life changes. If you are worried about your child's emotional growth or behavior, there is professional help available. An Early Childhood Mental Health professional will work with you and your family to make sure that you receive help when you need it. A treatment plan will be created for you along with a list of follow-up services.

Alcohol, Drug Addiction and Mental Health Services
(ADAMHS) Board of Cuyahoga County | 216.241.3400, ext. 361

It makes a **big** difference.

"With the help we received from caring professionals, our family was able to deal with our child's troubling behaviors."

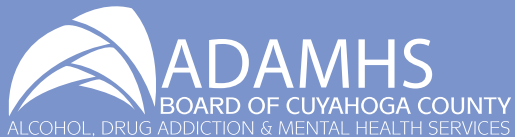

The logo for 'Invest in Children' features the text 'Invest in Children' in a bold, white, sans-serif font, with 'Cuyahoga County' in a smaller font below it. The text is centered within a large, orange, abstract shape that resembles a stylized bow or a pair of wings.
